

Marlins Homeschool Softball 2024 Season Call Out

Sunday, October 15, 2022 4:30 pm
Shambaugh Park
5700 W 30th Street, Indianapolis 46224

Indiana's only softball program for homeschooled softball players is kicking off our 2024 season and we'd like you to join us! Living Water Marlins Softball is hosting an informational meeting for all prospective and returning players. We are searching for more talented student athletes to complement an outstanding roster of returning players, and we are looking to build upon our fourth straight winning season against some of the state's best IHSAA competition.

The Marlins are NOT a travel softball program (although many of our players do have travel experience). We are a high school varsity softball team that plays a full spring schedule against Indiana high schools. If we have enough players, we also schedule JV games. To be eligible for Marlins Softball, players must be homeschooled or attend a school that does not have a softball team. Previous softball experience is helpful but not necessary. Our home field is on the west side of Indianapolis, but we welcome players from across the state. Interested student athletes who will be age 14 by May 2024 are invited and encouraged to attend our kickoff meeting on October 15.

We have a dedicated, encouraging coaching staff that's now planning our winter workouts that will begin in January. Please contact us if you have questions or know of an interested player.
